2024 EERE Investment Snapshot Report Overview: Clean Energy Developments Yield Major Benefits

Tuesday, December 17, 2024 • 10:00 a.m. - 11:00 a.m. EST

Online Only at eesi.org/livecast

Please RSVP @ eesi.org/121724eeres#rsvp

The **Environmental and Energy Study Institute (EESI)** invites you to a briefing about the recently released Department of Energy's Office of Energy Efficiency and Renewable Energy (EERE) 2024 Investment Snapshot report.

EERE has made targeted investments to spur clean energy innovation, create good-paying American jobs, improve the health of communities, and support a reliable and resilient energy grid. The 2024 EERE Investment Snapshot summarizes the benefits of investments in clean, efficient, and reliable energy technologies over the last decade.

While each field in EERE's portfolio has seen remarkable progress, the report focuses on EERE's impact and outcomes as a whole and shows how continued investment in EERE can continue to yield measurable and demonstrable benefits for the American people.

The 2024 EERE Investment Snapshot, published by the Office of Energy Efficiency & Renewable Energy is available to download for free [here](#).

Speakers for this session include:

- ▶ **Alejandro Moreno**, Assistant Secretary (Acting), Deputy Assistant Secretary for Renewable Power, Office of Energy Efficiency and Renewable Energy, Department of Energy
- ▶ **Lisa Jacobson**, President, Business Council for Sustainable Energy (BCSE)
- ▶ **Paula Glover**, President, Alliance to Save Energy
- ▶ **Grant Gunnison**, Founder and CEO, Zero Homes

This event is free and open to the public.

For more information, contact Daniel O'Brien at dobrien@eesi.org or (202) 662-1880.
